

Succession

ERNE Ltd.: Your experts for surface treatments
From 2012 on in the third generation

Fred J. Erne, today's owner and CEO of ERNE surface Ltd., founded in 1936, is happy to announce a family successor for his company.

From January 2012 on, his daughter Rea Erne, 3rd generation of the company, is in charge of ERNE surface Ltd. Fred Erne is still supporting the company as a member of the board of directors. Rea Erne has been part of the company for more than 10 years. She guarantees continuity and further development of the technology company.

The management of ERNE surface Ltd. remains unchanged and consists of:
(from left to right)

<i>Dr. Martin Kauer</i>	Technology and finance
<i>Rea Erne</i>	Administration
<i>Frédý Burri</i>	Branch in Avenches VD
<i>Manfred Beck</i>	Chemistry, sales

ERNE surface AG has been on the market for 75 years. The Swiss family company for surface technologies was founded in 1936 by Mr. F. Erne in Zurich. The one-man-company grew continuously. Today ERNE surface AG has over 50 motivated employees at two locations: near Zurich ZH in the German-speaking part of Switzerland; and at Avenches VD in the French part.

Customers are important Swiss and foreign companies in the machinery, watch-making, aerospace, PCB and medical devices industry. They appreciate expert advice, full technical support and efficient production, stocking and delivery services and high competencies in chemicals as well as installations for surface treatments.
